COVID-19 POLICY

The safety and health of our patients and staff are our top priority. We will err on the side of caution and we continue to follow national and local community guidelines as healthcare precautions evolve.

We continue to follow standard safety precautions in the clinic including handwashing, the use of hand sanitizers and gloves.

There are still periodic waves of infection in the community and nationwide.

- Please call us or go online to reschedule your appointment if you develop symptoms of illness (even if you have had a negative COVID test). Symptoms include fever, cough, sore throat, runny nose, loss of taste/smell, diarrhea, or body aches.

- For updates on the Covid-19 virus, please visit [Coronavirus Disease 2019 (COVID-19) | FDA](#) and [COVID-19 in Virginia - Coronavirus](#).
